

## ***So what's the difference between a Liberal, a Conservative and a "Redneck-Republican?"***

You're walking down a deserted street with your wife and two small children. Suddenly, an Islamic terrorist with a huge knife comes around the corner, locks eyes with you, screams obscenities, praises Allah, raises his knife, and charges you and your family.

***FYI: You're carrying a concealed 9mm and your wife's carrying her 38 Special. You're both expert shots. You have only seconds before he reaches you and your family. So, what would you do?***

***A Liberal's answer: "I don't have enough information to answer that question!" For example:***

Does the man look poor or oppressed? Have I ever done anything to him that would inspire him to attack us? Could we run away? What is my wife thinking? What physic impact will this have on my kids? Could I possibly swing my gun like a club and knock the knife out of his hand? What does the law say about this situation? Do our pistols have appropriate safety features? Why am I carrying a loaded concealed weapon anyway? What kind of message does this send to society and to my children? Is it possible he'd be satisfied just killing me? Does he definitely want to kill me, or would he be content just to wound me? If I were to grab his knees and hold on, could my family get away while he stabs me? Should I call 9-1-1? Why is this street so deserted? Is this our fault? We shouldn't have come this way! We need to raise taxes and clean up this neighborhood! We need to make this a happier, healthier street that would discourage terrorist behavior! I need time to discuss this with some friends and try to come to a consensus of opinions! I'm confused!

***His family's response?***

***Daughter: "Nice grouping, Daddy! Where those the Winchester Silver Tips or Hollow Points?"***

***Son: "You didn't let me take a shot!"***

***Wife: "You didn't have to blow our ammo-budget on one stinking terrorist!"***
